## Importer Security Filing (ISF) Information Sheet

This information sheet is not the ISF filing. It is a form to provide the data elements needed to file the ISF.

U.S. Customs requires that ISF be accepted and on file with Customs a minimum of 24 hours prior to the vessel departing. Failure to file ISF timely and accurately with Customs can result in penalties of \$5,000 - \$10,000 per ISF.

<b>1. Estimated sailing date of mother vessel (ETD)</b>	15-Dec-25
<b>2. Estimated arrival date (ETA)</b>	<b>30-Dec-25</b>
<b>3. Mother vessel name &amp; voyage#</b>	ARGUS 233W
<b>4. House Bill of Lading (Including 4 letter SCAC Code)</b>	UEUR2917362437
<b>5. Master Bill of Lading (Including 4 letter SCAC Code)</b>	ONEYPRGF08193400

**IMPORTANT:** Customs requires that the ISF be filed at the lowest bill of lading level that the carrier input into AMS. The SCAC and bill of lading# used for ISF must match the SCAC and bill of lading# that the carrier/forwarder filed in AMS. If the SCAC and bill of lading# in ISF and AMS do not match Customs will indicate that the ISF bill of lading# is not on file. Thus, Customs would consider the ISF to be inaccurate.

<b>6. Port of discharge</b>	CHARLESTON, US
-----------------------------	----------------

Note: Shipments discharging the vessel in Canada do not require ISF to be filed. Only shipments that discharge in the U.S.
